Time's up.
Get out of here.
There are types
of people who you
cannot deal with
your own knowledge.

Ha Ji's definition of a fight is a training. It's one time and that is it !
And regardless who wins and loses, that is the end for her.
Don't you feel shame for trying to do dirty tricks behind someone like that ?
Jeong Hyeop Na ! You are a dog of the Jang. You have no right to say such !
Do you really think you are on a position to advice anyone?
Even when you are a son of a men-butcher ?

So, you did a background search on me...
Then you'd also know that I am specialized in torturing and assassination.
Watch your back ! I move without declaration !

Janimes
www.janimes.com

You are a dog.
You can't do anything without your owner's permission.
What bluffing !
Ah !
Ha Ji, you are awake.

The fever went down. How do you feel ?
I am so hungry that my eyes are about to be rolled backward. How long do I have to be in here?
Well..., I reckon shorter than others with your dog-like health.
How is Sin Uoo ... ? Don't tell me they kept on fighting after I was carried out.

If Han Seo was here, he would have jumped you trying to harm the other hand.
What, do you think I will be that easy to handle ?
He ... actually has a terminal disease.
Knowing his personality, he will never get over it.
hemorrhoid ?
Terminal disease?
Normally, people would assume something like leukemia and cerebral tumor.
dermatopathia, I am sure then.
All he has is the near unlimited stamina.
No way would he have a series terminal disease.

And there is something else It usually happens to old men
He has been vainglorious ever since he was born So if things don't go to a direction he wanted he is filled with resentment and
A nervous disorder
Hey Just laugh out loud You look miserable there
I won't tell you anything
Then who do I need to beat to pulp to find out
Why is Sin Joo acting like a madman
You know the whole story right As far as Han Seo is concerned you know better than anyone

Hey shouldn't you have asked at least one more time ?
I know you You won't say anything if you say you wouldn't
If it is Han Seo I guess could somehow convince him But you are different
In a way you are even way more crazy than Han Seo
This is why like you You are stupid But sometimes shows a good perception
Well am worried You and Han Seo both are the same kind

www.jmanga.com

They can't give up because they are all the same
You Han Seo
And him too
Just tell me directly ou are confusing me to hell
What is it is it the pain Do you want painkiller

www.jabimes.com

What she ran away already
knew it
She made me to pay yet another hospital fee ?! I've repeatedly told her not to get hit since she was a kid Even if she did get beaten repeatedly have told her to get wounds where it could be hid behind clothes
I catch her this time will just do a funeral for that eating machine so that it won't cost anymore money
see what a unique way to educate a child

Extended
What do you mean

It s just what said Mu Hyeon Ha am extending the term Make her fall in love with you

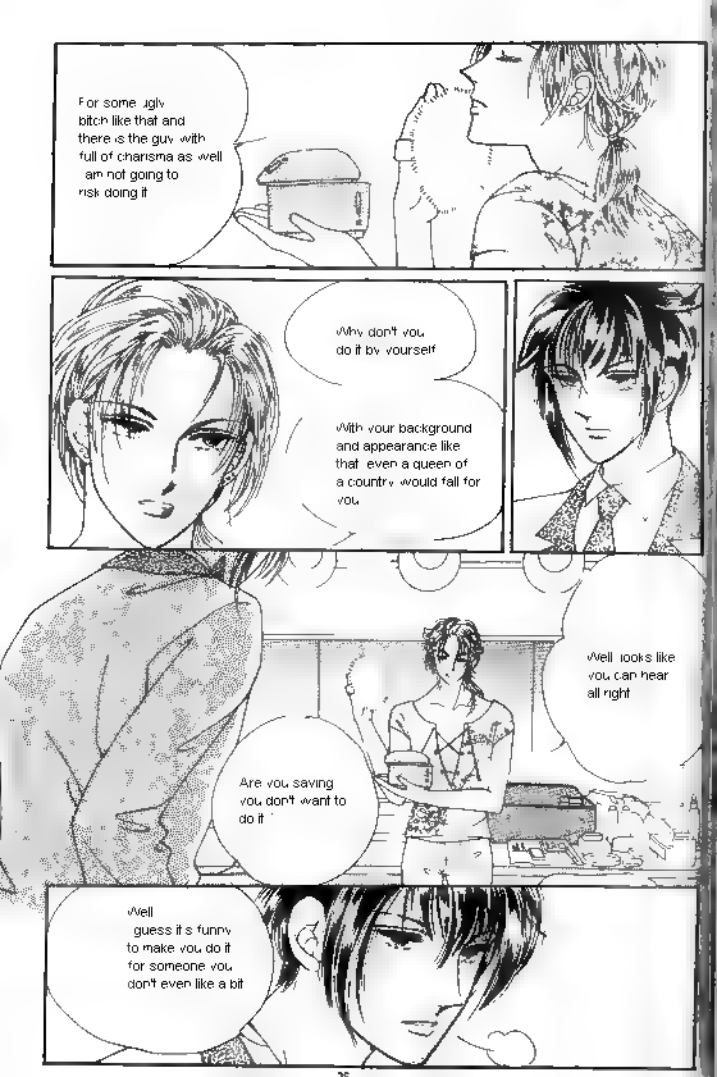
This is too bold repeatedly told you to use transparent one What is this

Get out will just do it by myself

am so going to fire her told her so many times that hate bold makeup

So what is in your mind ou are wanting me to take someone you have in your pink mode

Do you really think
would take on
some bitch that
you threw away
The rumor is
false
don't care how
Make her fall for
you
Make her dedicated
to you so much that
she won't look at
no one else
refuse



For some ugly bitch like that and there is the guy with full of charisma as well I am not going to risk doing it
Why don't you do it by yourself
With your background and appearance like that even a queen of a country would fall for you
Well looks like you can hear all right
Are you saying you don't want to do it
Well I guess it's funny to make you do it for someone you don't even like a bit

The God of CF Mu Hyeon Ha publically declared a relationship with a girl
But ending it here like this
That would mean your so called charm did not work
es suppose
it might be better to raise a white flag and back off
ooks like might need to find someone else for the job
Do you know Ah Min who was chosen to be a CF model of Deung Sin school uniform
bet he will do better job than you
ou may not know
But the ugly bitch has already failed for me
It s just that did not want to involve in your childish play

Jaimes
www.jaimes.com

es
Of course
am telling
you the truth
know
believe you
All right
will show you
will show you
a scene where
she will be begging for
me
Manager
Where are you ?
Find out everything
about Ha li kang
Her hobby habit
and everything
Yot---
Forget it
Quit bluffing

I wouldn't recommend him to anyone but he is at least safer than Han Seo Jang
He is dangerous
Way too dangerous
I know she is only an imitation But even so she has similar way of speaking and behavior
I don't want to hurt someone like that

do not
want
repeat it

thought about it
And think this is
what you call
love triangle
So

Your brain is capable of reasoning ?
Dork
Zip your mouth before paint cement on your mouth
It's obvious
Han Seo and Sin Joo became like what they are now because of death of this girl named Aram
Han Seo wouldn't have killed someone directly
If he made some mistakes why doesn't he simply apologize and get it over with
What if he killed her directly ?
!@#$
Do you really want me to paint your mouth with cement ?
He is a psycho but he ain't psycho enough to kill a person
Besides this girl named Aram was killed due to a car accident

www.jahmes.com

f you don't want to
stay back
will do it
don't want to see
Han Seo being
confined in some
facilit y because he
wracked some guy
anyway
lust tell him that
you do not want
to see him hurt
Be more honest
Ha li kang
ou are just as
wicked as they are
www.janimes.com

ou are the cause of
the recent trend of
teenage smoking being
rated the top
Stand
straight
That should be
enough
am sure they
learned their
lesson today
You three
again ?!

f you are going to smoke smoke at least cigarette made in our country
How dare he ll in a daylight at school
ou ou dared to try to r un
No We didn't even move a toe
We should catch him first chief
He is smoking right in front of s
Let go of this arm These three are trying to r un away

www.janimes.com

아니야!!
아니야!!

That s enough
E ervone knows
vou are a psycho
So they don't bother
vou But at least
show some decenc v
in public
our hobby is
against the
schoo r ule
ou don't even
make me laugh
anymore
ou still don't have
any idea why can
have this kind of
abusive freedom
What are
vou trving to
sav
am saving
that vou are
chicken head

f you are doing this for feeling sorry for what you did forget it forgave you already
ou read a dream that doesn't even exist -
haven't seen your face in school for a week know you don't avoid me for fear So there is only one reason
It wasn't your fault So get over it
Oh you still hate me so nice
like a fact that time eases one s mind
was about to go nuts But now can see it without feeling anything

Narrow-minded guy you are
ou are pissed because stood on Sin oo s side
No matter how one make it sound confusing that is the basic concept
Sin oo don't tough him
don't know the full story behind the incident
But heard you were the cause Even f it was a mistake it was related to someone s death
It is no wonder that Sin oo is acting like a madman
So quit playing your childish game and give up
Back off and don't do anything
Then Sin oo will probably get his hands off the case too
That is an expected answer from you
Even maze-like issue will be simple when it goes through your head

don't want to see you and Sin Joo growling at each other
So and it here don't want to get hurt by you guys fight again
That means
You are going to meddle in the battle again between me and Sin Joo Park?
What I mean is that I am going to beat both of you if you guys keep doing this
This is an order Draw your sword before you are beaten to pulp
You do remember the rule "No realtionship with opposite gender until 19" right?

Of course
do
Ack
the bell
ringed
already
Run
The reason got
interested in you
was probably due
to your unique
personality
But should have
really quit it was
only a mere play
knew that would
make one hell of
maze

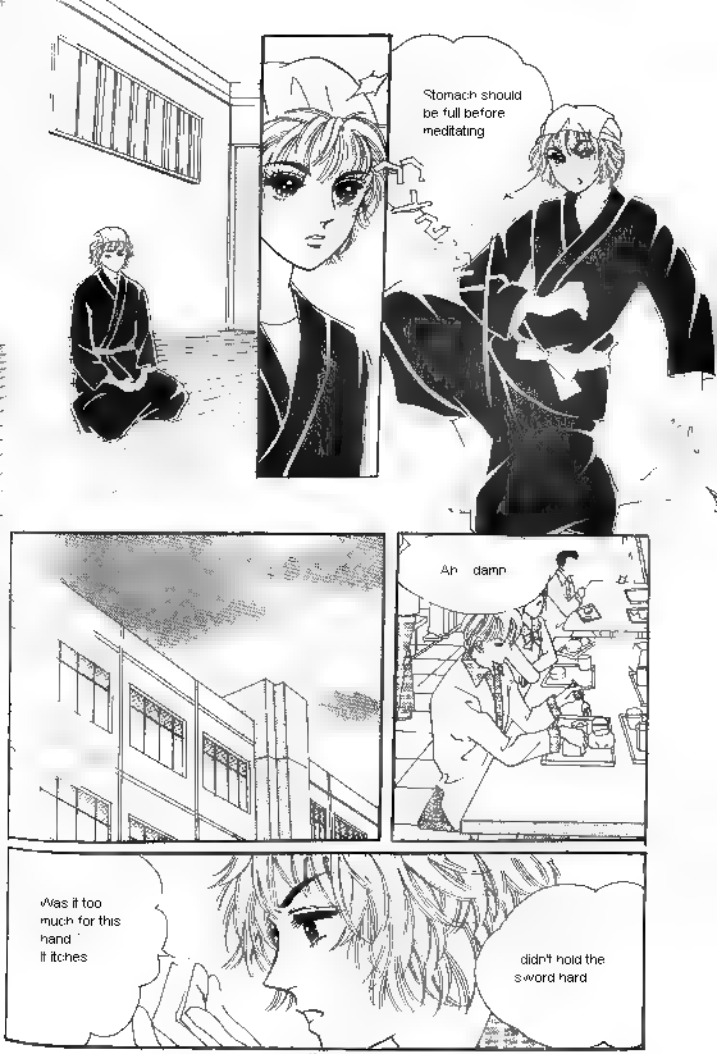
She hasn't shown up for a while How come she is here now
It looks like the master called her since we've been losing students
Can't be she drives away people
That s awesome is it a guy or a girl
don't know But it looks cool to do that Maybe should join
Come and sign up
Hi
There is an official level test soon if you want
No it s bothersome

www.jaimes.com

But since you are doing this why not upgrade your official level and participate in official contests
said it's bothersome
What a waste
If she wants to she can rule the whole female division
And the guys will run away
like this quietness feel as if I am under a complete control



Stomach should be full before meditating
Ah damn
Was it too much for this hand It itches
didn't hold the sword hard

ou already got rid of the bandage
ou are hungry as well ou look fine guess you haven't fought with Han Seo lately
It s going to leave a scar
Huh This
It s only a hand it s nothing

www.jenimes.com

Let's go elsewhere There is no seat in the cafeteria
What is it Is there a scene I shouldn't see in the cafeteria

No No
No one in this school would dare to make a scene that bothers you.
ou think so right
What a simple guy wonder how he is gonna live through the real word f he can be manipulated so easily
Hey you want this Some bitch left this chocolate in my locker
chocolate came down here to eat a chocolate
두근 ...
두근
Good then took it from my locker to give it to you.

TO YOU
Ooops ~
what now ~
accidently lost a grip ~
안돼에에에에
Nooooo
What a desperate echoing

should have
known

What about just pretending to be fooled She is trying desperately in her own way
You sure have become kind and loose Has your knife of revenge become dull already
With a spirit like that you are going to fight me I feel pity for the company you will inherit in the future
have not forgiven him
As time goes by my revenge gets bigger
Everyday face him get a new kind of feeling of revenge

But why
I see myself who
wants to stop all
this for a moment
Why

Oh look
fine

That s good
He must have passed here without seeing you
Otherwise he would have beaten crap out of you
Ahah you are one of those who just hit somebody you don't like right
Of course bad feelings must be vented through fists
Aren't you afraid of
Han Seo Jang
es she has certainly different type of concept in fighting
She wouldn't survive for a minute in our world
What am worried is that she does not appear to have the instinct of survival
Afraid
Why

He threw you off a roof That was clearly a murder attempt
If you were an ordinary female student you would have died How can you get along with someone like that
Because I am not an ordinary person
Han Seo is also very well aware of that
He wouldn't have thrown me off unless he was confident

www.janimes.com

My heart no my head aches That means
Sympathy
Sympathy toward something cannot understand

It was not
jealous.

Birthday gift
Right
I was wondering why there was brown seaweed soup in the breakfast
Today is my birthday!

Wow
a fruits basket
a tea cup and
a tea kettle
The cup is made of cookie
And the kettle is made of chocolate
The tea cup is sweet and melts in my mouth
Now let's eat the basket
didn't see it never saw it
That is not a human
That is an alien

am going to eat the kettle later cannot eat something like this unless it s my birthday and the like anyway
Seeing Mu Hyeon Ha s still coming to the school guess he hasn t given up
Why s he trying to pick on someone of a completely different level Do have to defeat him completely now
He s still here That means Sin joo Park ordered him to stay
ou still want a fight with Sin joo Park
What does Mu Hyeon Ha have to do something with Sin joo Park
As soon as my hand heals of course will
ou haven t given up your lingering attachment to the chicken feet

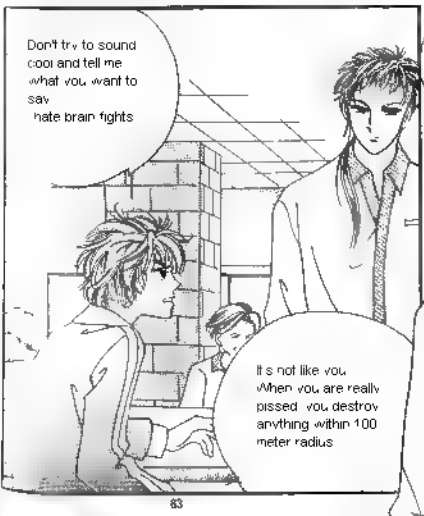
Keep on trying
It will be interesting to see how much patience can grow. And patience is not something I was born with



Don't try to sound cool and tell me what you want to say
hate brain fights
It's not like you. When you are really pissed you destroy anything within 100 meter radius

It's not like me... huh guess trying to be cool doesn't work

Wasn't your type
a person with
elegant attitude
and two faces
You do know the
old saying that
people are attracted
to people who do not
have what they have

Han Seo Jang !
What is it you
want to say ?!

꺄아

Run !
They are
at it
again !
will observe
and see how
far you go with it
are you
running
away ?!
Argh

Damn
Come to think of it
why am so
concerned about
Sin loo
Is it because of his
speed
Is it because think
he is a good fighter
What is wrong with
him nowadays
He is changing and
there is Sin loo
Ahah
No
Too many thoughts
only two thoughts
My head is about
to explode
am just going to fight

it will be fine after then

Don't make me laugh What does she think being a boss of a school gang is a governor or something
You waited for me against your will to fight You waited until my hand was healed
You don't really think did it for you do you

www.janimes.com

Do you know why Mu Hyeon keeps giving me gifts and buy you dinner?
Because he wants to flatter me
Why would flatter someone like you?
Because I am a jjang
Mu Hyeon is in love with you
Just to make sure what it means is that he likes you more than as a friend

He wants to have a relationship with you. So if you don't hate him
Are are you saying that Mu Hyeon Ha wants to go out with me ?!
So you gave me all those stuff and bought me dinner because you wanted to go out with me
Just how can you think that was trying to flatter
Try at least Except for hardcore fans of his he is a nice guy
B but

It's illegal for a jjang to have a relationship
eah
Not until 19
he said
Han Seo Jiang
She is a psycho from deep inside
Did Han Seo tell you that?

ou picked a real idiot to brainwash successfully
ignoring someone s feeling is not the way of a jiang either

It won't be too late to dump him later
But going out on a date before am 19 is illegal was told it s even in the teenage protection law
Why would anyone add something like that to law ?!
It s not a date ou are only scouting your opponent for future reference
ou do realize you are not making sense don't you

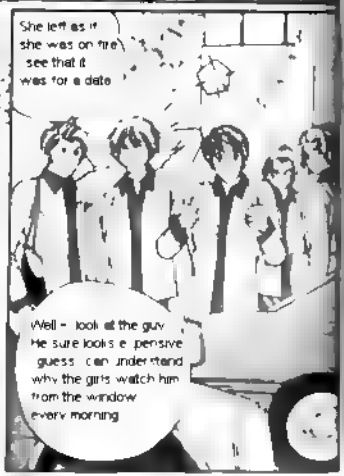
How dare he try to mimic Mu Hyeon Ha '
Throw him away

How long are you going to let him tang along ? He looks like his soul has been taken away
Don't mind him He will recover soon

You eat really deliciously Perhaps I should have bought one for myself

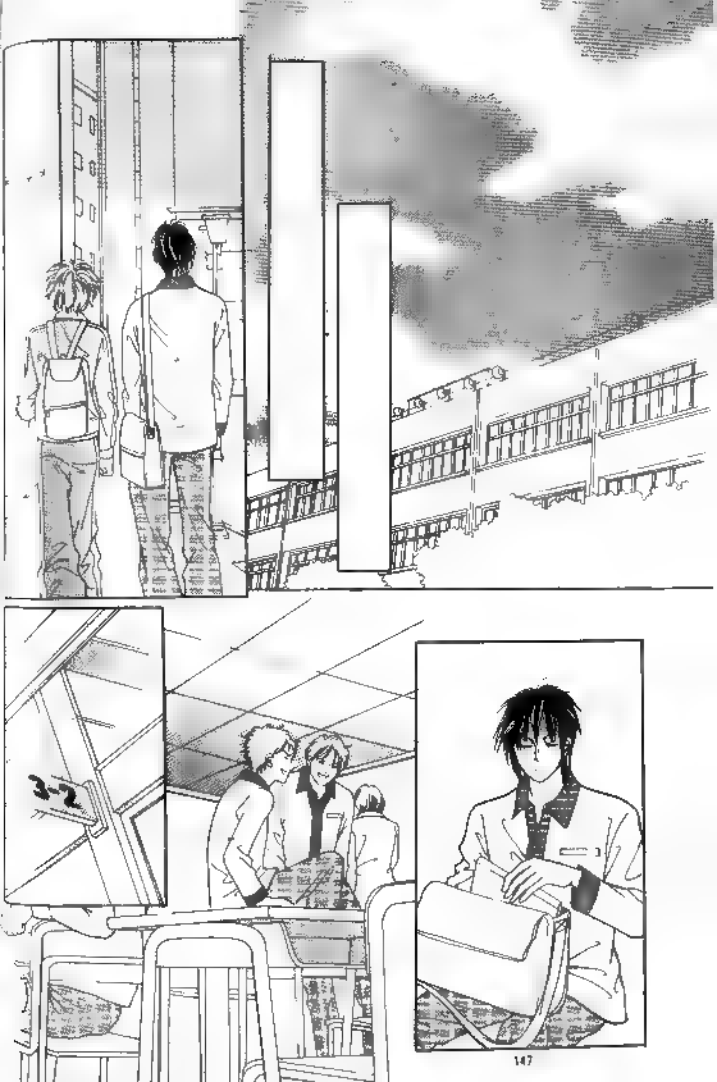
Uh? Isn't that jiang ?



She left as if she was on fire I see that it was for a date
Well - look at the guy He sure looks expensive I guess I can understand why the girls watch him from the window every morning

Ih
Wow ~ this is huge news
Jiang let somebody
else have her food
There was only
foe for her when
it came to food
This is new
guess Jiang is
a woman after all
Stop it
Why ~ This is as big as
the 9.11 news in America
A critical shot
Nice punch
Ha Ii kang
Congratulations

ou've gotten on
my nerve seriously
this time



3-2

wish could skip the after class like you ou take private lessons right
No don't
Then why are you still here Maybe waiting for the Doberman She usually comes at this time Maybe you do like her
Ah no was just trying to make a joke

es
was waiting for her
unconsciously
My level in women
must have become
really low
Whoever get
attracted is
such a
Looks like
get tamed
easily
attracted?
was attracted
To Ha Ji kang
No way
It cannot be
It s just that
she was similar
to Aram
That was why
She is like
a copied version
of Aram

Face me huh
no
relationship
not until 19

Aram changed after she was released from a hospital
The body was the same However her personality was not It was as if another soul was in Aram s body
What if the same case applies to Ha li

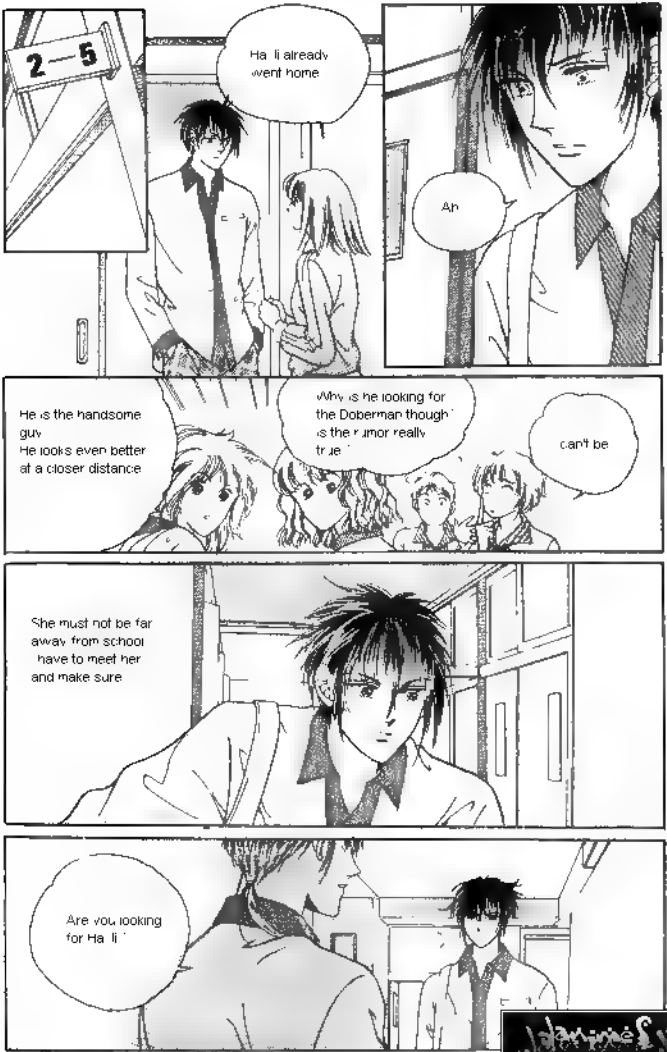
What is it that you want to say ?
What if her soul did not disappear when she died ?
Is it so important that she had to call me up here ?

Just say it already
You have an appointment to attend
No don't
This does not look good
Seeing you acting like the way you are now
As expected you have no control over your emotions
Are you that dumb I mean seriously
You are infected by Han Seo
Say something I can understand

You see
Han Seo has
been wild ever
since middle
school
So what -
I've gone wild ever
since elementary
school
Even if you end up with
many men and give birth
to many children
he will welcome you
no matter what
That is because of his
unique way of
satisfaction
So
that's probably why
No matter what you
do he will not restrict you
However
You cannot fool
around sincerely

So far there has never been anything serious for him So he had not taken you seriously
So you should give up voluntarily
ou and he will never win against Han Seo
Han Seo is holding his Achilles heel And if you touch it it will be only you and him who will be harmed!

So
know
know
Don't make him
go mad right
of course
of course
Do you
really
understand
By the way
what do you
mean "him"



2-5
Ha li already went home
Ah
He is the handsome guy
He looks even better at a closer distance
Why is he looking for the Doberman though
Is the rumor really true
can't be
She must not be far away from school
have to meet her and make sure
Are you looking for Ha li

www.janimes.com

ou are even searching for her now
Looks like you two are getting along very well
Excuse me have no business with you
Humen are animals of oblivion And you are a good example of that expression

ou've even forgotten who was responsible for your so-called lover s death
This s just too easy you know figured you'd have something more serious when you came here
If you so-called hatred and vengeance allow you to go out on a date with someone who was directly responsible for your lover s death only f knew that in the beginning would even have paid any attention to your actions

Provocation !
Oh ~
looks like
you did really
forget .
He is trying to
confuse me !
Do not fall for his
trap. He is only
trying to provoke
me !
You do realize
Ha Jl was the
one who ordered to
kidnap Aram Han,
don't you ?

For Doberman, jiang's order is like absolute !

Aram ...
Aram ...
